### Host Family Testimonials

- *Anneke Plinsinga Day (Stonehaven)*  
My children have left home, so we have three empty rooms.  
We enjoy meeting new people and practising our language skills.  
For that reason, we agreed to have 4 teachers, a nurse and the bus driver staying with us.  
We had a good laugh, helped by the excellent wine they brought from France.

I'm a stay at home mum with three young children. Earlier this year I hosted two young French girls to stay for 5 nights. What a lovely experience we had, girls were very polite, and Clare was always close by should we have needed any support.  
Would highly recommend being a host.

I'd like to recommend Clare and Language Travel Tours very highly; we have just hosted three girls from Aubusson in central France and feel that the tour was extremely well organised and enjoyed by the students.

We have been hosting for a few years now, and I must say, all the kids that have stayed with me have been great!! Always polite and appreciative. I have hosted lots and lots of lovely students and had sooooo much fun! I am so proud to help them have an enjoyable trip and a to give them great impression of our wonderful country. I still keep in touch with many of the students who have stayed with me and have even been invited to visit them in return! 🥰 And we will definitely be there as soon as we can!
